Protecting The Medicaid Program From Massive Cutbacks

To support Protecting The Medicaid Program From Massive Cutbacks, a project to stem the threat to the significant progress that has been made in providing health coverage for low-income families and individuals. The project will advance this goal by implementing and supporting strategic initiatives at the national and state levels. These initiatives will include coordination of national coalition public education efforts to defend Medicaid and the State Child Health Insurance Program, the preparation and dissemination of reports and other information pertinent to the effort, outreach and education of state governors, and assistance to state-based advocates addressing Medicaid cutbacks.
