(Durham, NC)

*General Support*

**Total Award: \$70,000 over 14 months**

For general support of stone circles' work in sustaining activists and supporting the work of justice through spiritual practice and principles. stone circles aims in the coming year to: 1) Develop strong leadership for the field of spirituality and social change by working intensely with cohorts of leaders through targeted gatherings, coaching, training, technical assistance, and monthly learning calls; 2) solidify strong and compelling content that informs the movement of spiritual activism by developing written and multi-media sources, a dynamic platform for content-sharing on-line, and distributing these materials to targeted individuals, organizations, and publications; and 3) explore and develop a retreat model specifically tailored to the needs of activists through a successful combination of individual consciousness practices, relationship practice, and social justice frameworks
